ACADEMIC PROFILE 2019-2020

Head of School: Mrs. Joanne Burns
High School Principal: Ms. Melanie Rose
Middle School Principal: Ms. Harriet Sandilands
Elementary School Principal: Ms. Aisling Lawless

Director of Admissions: Mr. Carlos F. Lizardi Malléns
Guidance Counselor: Ms. Jennifer Ferrara
Academic Administrator: Ms. Angelina Izzo

Mission Statement: The mission of ES International School is to be an exemplary learning and athletic community. We challenge ourselves to be better through an emphasis on critical thinking, and intellectual and social awareness. Students develop a passion for learning through individualized support in a nurturing environment. Our success is founded on effective communication and an engaging academic curriculum.

Vision Statement: Our constant endeavor is to inspire and empower students to be lifelong learners. We promote excellence and independent critical thinking in a culturally diverse, ever-changing society. We strive to create confident students who will have the necessary tools to become high achieving 21st century global citizens.

Anti-discrimination Policy: ES International School does not discriminate on the basis of race, color, sex, age, religion, sexual orientation, national or ethnic origin, or physical disability.

The School: ES International School was founded in 1999 and offers an independent, coeducational, American Elementary, Middle, and Senior High School program located in Barcelona, Spain. It is the objective of our school to provide students with an excellent academic experience which prepares them for the challenges of today's world. All students receive individual attention, close academic guidance and personal counseling, in order to ensure both the acquisition of academic competencies and the development of individual strengths and talents. Students follow an American academic program, but also benefit from the multitude of cultures represented by their teachers and fellow students.

The Barcelona campus of ES International School is located within the world-class facilities of the Academia Sánchez-Casal, with an emphasis on intensive tennis training and physical conditioning. Sports are an essential part of the curriculum. The education of a student-athlete is not only based on technical, tactical, and physical training, but also includes a solid academic and social foundation. Our curriculum encourages active participation, a healthy lifestyle, and an enjoyable educational atmosphere.

Faculty: Our faculty members mirror the national diversity of our students and many have Masters or Doctorate degrees. It is the caring and nurturing nature of our faculty that separates us from other schools and establishes a high standard of excellence for all students.

Accreditation and Memberships: We are accredited by the Middle States Association (MSA-CESS). We are also recognized in Spain as a *Centro Extranjero* (foreign school) by the *Generalitat de Catalunya* and the Spanish Ministry of Education. Our school is a member of the Mediterranean Association of International Schools (MAIS) and the Barcelona International Schools Association (BISA).

University Placement

**Average SAT Scores -
Class of 2015 and 2016**

One of the major goals and achievements of our school is the emphasis placed on our students attending university upon graduation. Since most of our student population is comprised of student-athletes who may wish to pursue their athletic skills at the university level, we are registered with and carefully abide by the academic requirements of the National Collegiate Athletic Association (NCAA), National Junior College Athletic Association (NJCAA), and the National Association of Intercollegiate Athletics (NAIA). All students wishing to play with a collegiate team in the United States must meet the academic and amateur guidelines as prescribed by the NCAA, NJCAA, and NAIA. Students are encouraged to plan early and should talk with the Head of School, Principals, or Guidance Counselor for additional information about career counseling.

Currently, ninety-eight (98) percent of our high school graduates have pursued a university career, while the remaining two (2) percent have followed a professional athletic career. Many factors, such as major area of study, high school grades, SAT and TOEFL results, scholarships, personal finances, and athletic ability can determine where a student may attend university. Parents and students should be advised that ES International School does not prepare students for the Spanish "Selectividad" exam. Graduates of ES International School may apply to take the "Selectividad para Extranjeros" if they wish to enter Spanish universities.

VISA INFORMATION

Step 1

1. Once accepted to ESIS Barcelona, you will receive an official ESIS acceptance letter.
2. Please send payment of the €1,500 non-refundable tuition deposit to ESIS Barcelona.
3. Citizens of the European Union do not need a visa to study in Spain.

Step 2

Please contact the Visa Section of the nearest Spanish Consulate to determine if the applicant will need a Student Visa. Depending on the consulate, it takes approximately one to two months to obtain a student visa. Please apply early. Requirements vary from country to country. If a student visa is required, it must be procured in the student's country of permanent residence prior to travelling to Spain. It is not possible to change a Tourist Visa to a Student Visa once in Spain.

The visa application requirements may vary from country to country; however, the Spanish authorities normally emphasize the need for:

- » Visa application (to be provided by the Consulate)
- » Proof that the student has adequate funds to study in Spain. A statement of financial support for the period of study in Spain. A sworn affidavit of support by the parents or guardians, or a financial bank statement showing a minimum income of €1,000 (one thousand euros) per month for the student's stay in Spain.
- » Health Certificate (medical certificate from physician).
- » Proof of medical insurance coverage (not just accident insurance), stating that all medical expenses of the student will be covered during his or her stay in Spain.
- » The admission letter to ESIS in Barcelona. In most cases, consular authorities will ask for a letter in Spanish from the school confirming enrollment. In other words, that the student has been admitted, including the specific dates and number of hours per week and the type and level of studies to be completed in Spain. The Head of School will send you this enrollment confirmation **after payment of the tuition deposit**.
- » Parental Authorization letter by which the student is permitted to travel to Spain to live and study for a specific period of time.
- » In some cases, Spanish authorities may require pre-payment of a full academic year before they may consider visa applications. If tuition pre-payment is required, please proceed to forward payment following the instructions provided with the acceptance letter. Once payment is received, we will fax a letter to the Embassy confirming the amount paid. Paying the full fees for the entire year at ESIS is a good way to show that the student's parents are financially sound. Parents also receive a tuition reduction for paying the entire year in advance.
- » The Embassy may ask for proof of accommodation while in Spain. In the case that the school arranges accommodation with a host family, payment in advance of five (5) months of accommodation is required before we can send the necessary document to the Embassy. Please contact Mr. Carlos Lizardi, Director of Admissions, at clizardi@es-school.com for more details. Students attending a tennis program at the Academia Sánchez-Casal must arrange accommodation directly through the Academia. The Academia will also provide the necessary documents for the visa.

Please note that if the visa application is denied or if the student decides not to attend before classes begin, we will return the tuition payment (and accommodation fees, if applicable) except the non-refundable tuition deposit. This deposit will only be reimbursed if the parents provide us with written proof from the Embassy indicating that the student visa was denied.

Once in Barcelona the student must obtain a Student Residence Card (unless he or she is a European Union national). To obtain this card, the student must bring the following:

- » A valid passport.
- » A student visa type "D" stamped on the passport by the Spanish Consulate.
- » Have an immigration entry date stamp on the passport showing the date of entry into Spain or the European Union. (Please insist that the student must get this immigration entry date stamped on the passport upon entry at the airport!)
- » Proof of medical insurance stating that all medical expenses will be covered during the student's stay in Spain.
- » Parental Authorization letter in Spanish signed by both parents stating that the student is permitted to travel to Spain to live and study for a specific period of time. (Our School can provide a letter for this purpose.)
- » Photocopy of both parents' passports including the page showing their signatures.
- » Enrollment confirmation letter (to be provided by the School)
- » Proof of domicile from the head of the student's host family (to be obtained when in Barcelona)
- » Four passport size pictures with white background.
